

RHEINISCHE FRIEDRICH-WILHELMS-UNIVERSITÄT BONN

The Department of Chemistry at the Faculty of Mathematics and Natural Sciences of the University of Bonn invites applications for the position of a

Full Professor (W3) for Theoretical Chemistry

at the Institute of Physical and Theoretical Chemistry („Mulliken Center for Theoretical Chemistry“). The appointment is scheduled for the earliest possible date. The successful candidate should have an excellent record of internationally recognized research in the field of modern quantum chemistry (e.g. dynamics of complex structures, condensed matter or biological systems), should complement the research areas of the two existing theoretical research groups within the center, and perform own methodical developments. Appropriate participation in the teaching and academic administration of the institute of Physical and Theoretical Chemistry and the Department of Chemistry is expected, as well as cooperation with the existing research groups of the institute and coordinated initiatives, e.g. the Collaborative Research Center 813 „Chemistry at Spin Centers“.

The conditions of employment are according to § 36 HG (NRW). University of Bonn is an equal opportunity employer in compliance with German law. Applications of women and disabled applicants are particularly welcome.

Applications with the usual information (CV, documents of academic degrees, record of publications with up to five reprints, scientific profile, record of funding and given courses) should be sent before 01.02.2011 to the Chairman of the Department of Chemistry Prof. Dr. Alexander C. Filippou
